MIE377
Financial Optimization

Michael Boyadjian

January 14, 2021

Contents

1 Optimization Theory **3**

2 Mean-Variance Optimization **4**

3 Factor Models **4**

4 Robust MVO **4**

5 CVaR Optimization **4**

6 Monte Carlo Methods **4**

7 Sharpe Ration and Index Tracking **4**

8 Risk Parity Optimization **4**

9 Black Litterman Model **4**

1 Optimization Theory

Hello

2 Mean-Variance Optimization

3 Factor Models

4 Robust MVO

5 CVaR Optimization

6 Monte Carlo Methods

7 Sharpe Ration and Index Tracking

8 Risk Parity Optimization

9 Black Litterman Model
